## Insurance and Indemnity Information

### Insurance

- It is a requirement that all contractors and individuals that Council deals with have in place current Public and Products Liability (where products are sold or supplied) insurance.
- This is necessary because of the indemnity above and also to ensure a financial remedy to the contractor or individual in the event of a claim by a member of the public or a class action.

### Indemnity

- In this increasingly litigious environment it is vital that the Council take steps to ensure the protection of its asset base.
- The signing of an indemnity protects Council by removing the blame for loss or damage in circumstances where Council itself is not the negligent party. The indemnity shifts the attention onto those who are legally liable and responsible.

# Event Permit Application - Community Events - 2021

## Form Preview

- Council requires contractors to provide proof of insurance in what is called a “Certificate of Currency”. This is a summary of the insurance cover showing pertinent details. The certificate is available at request from the insurer or broker and is common in the insurance industry.
- You must ensure that the certificate is stamped and signed by the insurer and that it shows the expiry date. The cover must include Council as a named insured and include what is called a cross liability clause.
- Before Council can agree to accept any application, you will need to provide this certificate.
- In circumstances where Council is legally liable then Council has in place Public Liability insurance to protect it.

### Insurance and Indemnity Agreement

#### Indemnity:

By checking 'Yes' to the 'Agree' box below, I, the Applicant, hereby agree to **indemnify and keep indemnified** and to hold harmless the Moonee Valley City Council, its servants, agents and contractors from and against all actions, costs, claims, charges, expenses and damages whatsoever, which may be brought or made against them or any of them arising out of or in connection with the activity, except to the extent that Moonee Valley City Council, its servants, agents and contractors, is liable at law.
